

Hi Franco

Just wanted to let you know that I had no problems on the night.

After Thursday, I contacted a lot of family and friends to get their feedback as well.

All comments were good (apart from music a bit loud at times).

Food was great, staff were quick, efficient and unobtrusive.

If they wanted a drink and no one was around - they walked the 10-20 metres to the bar (as did I)

I would have no problems recommending your place to prospective customers if they required a reference from someone who had recently had a function there.

Have a great day - good luck for the future.

Cheers
